Fantasy League Teams

Please note

Teams were selected based on your 'Value' and all teams' total value is MAX 535 Points. When you need to fill a reserve into your side, please try not go over the Total value and keep it below 535.

Players were selected on a 1st to enter was 1st to play – so if you didn't enter straight away, you are probably on the reserve list.

Player's pts were based on the league you played and your results/ position within that team. Remember, each point you are over 535 – you are penalized 5 points per each point over 535 for that fixture – see Rule 11 under the Format of the Event Rules.

Reserve List

Please note – Players below were not the first to enter and as such have become Reserves, please use who you need to and try keep your team total below 535 points to keep the sides even. Note players in **GREEN** were 1st reserves and try them 1st.
